Beyond the Paw Print Support Group Guidelines

1. BTPP was created with one central purpose: to offer support and validation for those grieving the anticipated or actual loss of a beloved animal companion.
2. During the meeting, time will be monitored to ensure that each attendee has an opportunity to share...the amount of time allotted varies – depending on the number of attendees.
3. Sometimes in our grief, we might unintentionally find ourselves sharing opinions on other topics. When this happens, the facilitator has the right and responsibility of gently guiding the speaker back on course.
4. BTPP is not associated with any religious denomination.
5. BTPP is not associated with any political organizations.
6. The meetings are not a substitute for one-on-one counseling, neither are the meetings intended to function as group therapy.
7. We are all different, yet we come together as one – sharing the grief associated with the loss of our beloved animal companions. May we honor our differences in the way we honor our shared grief: In kinship and kindness.
8. With the above in mind, let's stay on topic and make the most of our time together. In the meantime, please be gentle with your tender hearts...
